

**Fairbanks 2015 Timber Sale
Pre-Bid Tour Questions and Responses
March 23, 2015**

Q: How are logging prices determined?

A: Operators provide logging cost data after completion of operations. The total acres requiring logging treatment were determined using GIS. This information was used in the appraisal of the sale area and to determine a minimum bid price.

Q: (paraphrased) Please clarify logging requirements between the Sample TSA and the Summary of Sale Information.

A: The logging requirements have been corrected in the TSA. Logging is required 100' from permanent roads (County Road 409) and 50' from seasonal roads.

Q: Is it possible to get a list of the people who are attending the pre-bid tour?

A: Yes, the pre-bid tour was attended by:

Jesse Villalpando- Anderson Logging

Joe Sutphin – Campbell Global

Don Sallinen – Anderson Logging

Steve Van Horn- H&M Logging

Gary Hayter

Rick Hautala- H&M Logging
